WELL REGISTRATION APPLICATIONS

WELLS EXISTING BEFORE JUNE 11, 2003:

Exempt Wells may be registered without payment of registration fees.

Non-Exempt Wells must register and also apply for an operating permit and pay the applicable fee based on well casing size.

EXISTING WELLS DRILLED AFTER JUNE 11, 2003:

Exempt Wells are subject to a registration fee of \$50.00 which is refundable on receipt of all required well information, including the driller's State Well Report and Well Completion Report.

All Non-Exempt Wells are subject to the non-refundable registration fee and the operating permit fee based on well casing size.

NEW WELLS:

All New Exempt Wells are subject to the refundable registration fee.

All New Non-Exempt Wells are subject to the non-refundable drilling and operating permit fees based on well casing size.

Exempt Well Definition: A well used solely for domestic (one single-family house) or agriculture use that is either drilled, completed, or equipped to pump less than 25,000 gallons per day (17.36 gallons per minute), and water wells licensed by the Railroad Commission for Hydrocarbon Exploration (gas/oil). The District Rules contain definitions of "Domestic" and "Agriculture".
